## Profile

---

Motivated and detail-oriented second-year BSc (Hons) Computer Science student at the Informatics Institute of Technology (affiliated with the University of Westminster). Skilled in Python, Java, front-end and server-side web development, and UI/UX design, with hands-on project experience in both academic and self-initiated software projects. Eager to secure an internship to apply technical skills, collaborate in real-world development teams.

|---------------------------------------------------------------------------------------------------------------------------------------|----------------|

- **Year 2 Modules:**

- Object-Oriented Programming
- Database Systems
- Software Development Group Project
- Client-Server Architectures
- Advanced Client-side Development
- Server-side Web Development

- **Year 1 Modules:**

- Software Development I
- Mathematics for Computing
- Computer Systems Fundamentals
- Trends in Computer Science
- Software Development II
- Web Design and Development

| Skills                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                                                                                                                                       |                                                                                                                                 |

## Certificates

---

### Web Design for Beginners

### Front-End Web Development

### Server-side Web Programming

### Python for Beginners

Centre for Open & Distance Learning (CODL), University of Moratuwa (2025)

### Learning Python (2020)

LinkedIn Learning – Jan 2025

### Fundamentals of Digital Marketing

Google Digital Garage

Completed: 2025

### Certificate Course in English Language (Higher Level)

Institute of Human Resource Advancement (IHRA), University of Colombo

Completed: 2023

### French Language – DELF A1 & A2

Alliance Française – (2024, 2025)

---

## Languages

---

### French

DELF A1, DELF A2
